## Additional screening investigations & tests

24-hour Ambulatory BP	£250
<ul style="list-style-type: none"><li>Involves wearing a compact blood pressure machine on the arm for 24 hours. This checks your blood pressure throughout the day, and this is the best and most accurate way to check for high blood pressure. It is much more accurate than just checking blood pressure with your doctor, nurse or pharmacist.</li></ul>	
2 week ECG monitoring	£450
<ul style="list-style-type: none"><li>A ZIO monitor is a small, wearable device that keeps track of your heart rhythm. This allows information captured on the monitor to figure out if you have a heart rhythm problem. This is requested by our Consultant Cardiologist.</li></ul>	
CT coronary angiogram	£1760
<ul style="list-style-type: none"><li>A CT coronary angiogram shows the blood flow through the coronary arteries using a CT scanner.</li></ul>	
Diagnostic Coronary angiogram	£2500
<ul style="list-style-type: none"><li>An angiogram (also known as a cardiac catheterisation) is a special type of X-ray which uses contrast dye to allow us to look directly at the blood flow within your coronary arteries.</li></ul>	
Stress echocardiogram	£350
<ul style="list-style-type: none"><li>This is a specialised heart ultrasound in which the function of the heart is assessed while your heart rate is increased using specific medications (or a treadmill).</li></ul>	
CT Scan – Chest*	£350
<ul style="list-style-type: none"><li>Advised for smokers &gt; 50 years of age.</li></ul>	
CT Colonoscopy*	£895
<ul style="list-style-type: none"><li>Also known as a “virtual colonoscopy”, involves using a CT scanner to produce 3-dimensional images of the large bowel and rectum.</li></ul>

## How to Pay

We have a number of payment options designed to offer you simple access to our range of treatments, services and specialists. Our team are here to help and guide you through the process, providing transparent prices allowing you to focus on your health.

- Self-funding
- Private medical insurance
- Membership packages

### Self-funding

If you do not have private medical insurance, you can still get timely and comprehensive access to private medical treatments. Our competitive pricing structure is transparent and we will inform you of the costs of any proposed treatment. Most of our services are available to book online.

### Private medical insurance

The Whitehall Clinic is recognised by the following major health insurance companies: Aetna, Allianz, Cigna, Healix, WPA. If you're booking an appointment, it's worthwhile contacting your private medical insurance provider beforehand to see if you are covered for your costs.

[Back to our full list of services](#)

## How to Pay (contd)

To book an appointment that is covered by your insurance please ring our team and confirm the following details:

- The name of your insurance company,
- Your membership or policy number
- Your pre-authorisation code or claim reference number

The details allow us to liaise directly with your insurance company for payment, so that you can focus on your appointment and treatment.

If you need a referral letter for preauthorisation for private treatment this can be provided by our team of GPs, please book an appointment through our website.

### **Membership Packages**

For complete peace of mind and ready access to our team of Doctors and nurses, we have a number of membership packages to support individuals and organizations that can be paid over 12 months with 0% interest and no credit checks required.

Our Corporate Membership Packages allow you to maintain a healthy workforce which is an essential part of organisations of all sizes. We provide a comprehensive range of treatments, screening medicals and tailored packages aimed at keeping your teams fit and well.

Please contact a member of our team for further information and our different packages to meet your requirements.

Please email us for our Membership Package T&Cs
